# FINANCIAL SECTION

# CITY OF LAMBERTON LAMBERTON, MINNESOTA

FOR THE YEAR ENDED DECEMBER 31, 2019

#### INDEPENDENT AUDITOR'S REPORT

Honorable Mayor and City Council City of Lamberton, Minnesota

#### **Report on the Financial Statements**

We have audited the accompanying financial statements of each major fund of the governmental and proprietary funds and the aggregate remaining fund information of the City of Lamberton, Minnesota (the City), as of and for the year ended December 31, 2019, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the financial reporting provisions of the Minnesota Office of the State Auditor. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the City's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a reasonable basis for our audit opinions.

#### Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note 1B, the financial statements are prepared by the City on the basis of the financial reporting provisions of the Minnesota Office of the State Auditor, which is a basis of accounting other than accounting principles generally accepted in the United States of America, to comply with the requirements of the Minnesota Office of the State Auditor. The effects on the financial statements of the variances between the regulatory basis of accounting described in Note 1B and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

#### Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the "Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles" paragraph, the financial statements referred to in the first paragraph do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of the City as of December 31, 2019, the changes in its financial position, or, where applicable, its cash flows thereof the year then ended.

#### **Opinion on Regulatory Basis of Accounting**

In our opinion, the financial statements of the governmental funds referred to in the first paragraph present fairly, in all material respects, the cash and unencumbered cash balances of each fund of the City, as of December 31, 2019, and their respective cash receipts and disbursements, for the year then ended, on the basis of the financial reporting provisions the Minnesota Office of the State Auditor as described in Note 1B. Also, in our opinion, the financial statements of the proprietary funds referred to in the first paragraph present fairly, in all material respects, the respective financial position of each fund of the City, as of December 31, 2019, and their respective changes in financial position and cash flows, for the year then ended, on the basis of the financial reporting provisions the Minnesota Office of the State Auditor as described in Note 1B.

#### **Other Matters**

#### **Required Supplementary Information**

Accounting principles generally accepted in the United States of America require that the Schedules of Employer's Share of the Net Pension Liability and the Schedules of Employer's Contributions, the related note disclosures, and the Schedule of Changes in Net Pension Liability (Asset) and Related Ratios, starting on page 40 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The introductory section, individual fund financial statements and schedules and supplementary information are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The individual fund financial statements and schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements themselves, and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the individual fund financial statements and schedules are fairly stated, in all material respects, in relation to the regulatory basis financial statements as a whole.

The introductory section and supplementary information have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on them.

### Note 1: Summary of Significant Accounting Policies

#### A. Reporting Entity

The City of Lamberton, Minnesota, (the City) is a municipal corporation governed by an elected Mayor and four-member Council. The Council exercises legislative authority and determines all matters of policy. The Council appoints personnel responsible for the proper administration of all affairs relating to the City. The City has considered all potential units for which it is financially accountable, and other organizations for which the nature and significance of their relationship with the City are such that exclusion would cause the City's financial statements to be misleading or incomplete. The Governmental Accounting Standards Board (GASB) has set forth criteria to be considered in determining financial accountability. These criteria include appointing a voting majority of an organization's governing body, and (1) the ability of the primary government to impose its will on that organization or (2) the potential for the organization to provide specific benefits to, or impose specific financial burdens on the primary government. The City has no component units that meet the GASB criteria.

#### B. Measurement Focus, Basis of Accounting and Financial Statement Presentation

The accompanying financial statements have been prepared on the regulatory basis of accounting as described in the *Minnesota Office of the State Auditor's Reporting and Publishing Requirements for Cities under 2,500 in Population* published in February 2016. Under that basis, receipts are recognized when received rather than when measurable and available, and disbursements are recognized when paid rather than when the obligation is incurred. That basis differs from accounting principles generally accepted in the United States of America primarily because the City has not reported a management discussion and analysis letter, government-wide statement of net position and government-wide statement of activities and the City does not recognize governmental fund receipts and disbursements in accordance with the modified accrual basis of accounting.

The accounts of the City are organized on the basis of funds. A fund is an independent fiscal and accounting entity with a self-balancing set of accounts. Fund accounting segregates funds according to their intended purpose and is used to aid management in demonstrating compliance with finance-related legal and contractual provisions. The minimum number of funds is maintained consistent with legal and managerial requirements.

Preparation of financial statements requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

The City has the following fund types:

Governmental funds are used to account for the City's general government activities and are accounted for using the regulatory basis of accounting. Their revenue is recognized when received in cash and expenditures are recognized when paid in cash. The regulatory basis of accounting is a special purpose framework other than GAAP. Under GAAP, governmental funds use the modified accrual method of accounting. The difference between the regulatory basis and modified accrual basis of accounting is that under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual (i.e., when they are "measurable and available"). "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to pay liabilities of the current period.

### Note 1: Summary of Significant Accounting Policies (Continued)

The City reports the following major governmental funds:

The *General fund* is the City's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The *Debt Service fund* accounts for the accumulation of resources and payment of general obligation bond principal and interest from governmental resources and special assessment bond principal and interest from special assessment levies when the City is obligated in some manner of payment.

The 2019-20 Infrastructure fund accounts for all financial resources of the 2019-20 infrastructure capital project.

The City reports the following major proprietary funds:

The Water Utility enterprise fund accounts for costs associated with the City's water system and to insure that user charges are sufficient to pay for those costs.

The Sanitary Sewer Utility enterprise fund accounts for the costs associated with the City's sewer system and to insure that user charges are sufficient to pay for those costs.

*Enterprise funds* are used to account for those operations that are financed and operated in a manner similar to private business or where the Council has decided that the determination of receipts, costs incurred and/or net income is necessary for management accountability.

Proprietary funds distinguish *operating* revenues and expenses from *nonoperating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the City's enterprise funds are charges to customers for sales and services. The City also recognizes as operating revenues the portion of tap fees intended to recover the cost of connecting new customers to the system. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, then unrestricted resources as they are needed.

Non-exchange transactions, in which the City receives value without directly giving equal value in return, include property taxes, grants, entitlement and donations. On the regulatory basis, receipts from property taxes are recognized in the year the tax is collected. Receipts from grants, entitlements and donations are recognized in the year in which they are collected. For proprietary funds, revenue from grants, entitlements and donations is recognized in the year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the year when the use if first permitted, matching requirements, in which the City must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the City of a reimbursement basis.

## Note 1: Summary of Significant Accounting Policies (Continued)

#### C. Assets, Liabilities and Net Position/Fund Balance

#### **Deposits and Investments**

The City's cash and cash equivalents are considered to be cash on hand, demand deposits and short-term investments with original maturities of three months or less from the date of acquisition. The proprietary funds' portion in the cash and temporary investments pool is considered to be cash and cash equivalents for purposes of the statements of cash flows.

Cash balances from all funds are pooled and invested, to the extent available, in certificates of deposit and other authorized investments. Earnings from such investments are allocated on the basis of applicable participation by each of the funds.

The City may also invest idle funds as authorized by Minnesota statutes, as follows:

- 1. Direct obligations or obligations guaranteed by the United States or its agencies.
- 2. Shares of investment companies registered under the Federal Investment Company Act of 1940 and received the highest credit rating, rated in one of the two highest rating categories by a statistical rating agency, and have a final maturity of thirteen months or less.
- 3. General obligations of a state or local government with taxing powers rated "A" or better, revenue obligations rated "AA" or better.
- 4. General Obligations of the Minnesota Housing Finance Agency rated "A" or better.
- 5. Obligation of a school district with an original maturity not exceeding 13 months and (i) rated in the highest category by a national bond rating service or (ii) enrolled in the credit enhancement program pursuant to statute section 126C.55.
- 6. Bankers' acceptances of United States banks eligible for purchase by the Federal Reserve System.
- 7. Commercial paper issued by United States banks corporations or their Canadian subsidiaries, of highest quality by at least two nationally recognized rating agencies, and maturing in 270 days or less.
- 8. Repurchase or reverse repurchase agreements and securities lending agreements with financial institutions qualified as a "depository" by the government entity, with banks that are members of the Federal Reserve System with capitalization exceeding \$10,000,000, a primary reporting dealer in U.S. government securities to the Federal Reserve Bank of New York, or certain Minnesota securities broker-dealers.
- 9. Guaranteed investment contracts (GIC's) issued or guaranteed by a United States commercial bank, a domestic branch of a foreign bank, a United States insurance company, or its Canadian subsidiary, whose similar debt obligations were rated in one of the top two rating categories by a nationally recognized rating agency.

## Note 1: Summary of Significant Accounting Policies (Continued)

#### **Property Taxes**

The Council annually adopts a tax levy and certifies it to the County in December for collection the following year. The County is responsible for collecting all property taxes for the City. These taxes attach an enforceable lien on taxable property within the City on January 1 and are payable by the property owners in two installments. The taxes are collected by the County Treasurer and tax settlements are made to the City during January, June and November each year.

Taxes payable on homestead property, as defined by Minnesota statutes, are partially reduced by a market value credit aid. The credit is paid to the City by the State of Minnesota (the State) in lieu of taxes levied against the homestead property. The State remits this credit in two equal installments in October and December each year.

#### Accounts Receivable

Accounts receivable include amounts billed for services provided before year end. The City annually certifies delinquent water and sewer accounts to the County for collection. As a result, there is no allowance for uncollectible accounts.

#### Special Assessments

Special assessments are recognized as revenue when they are certified in the enterprise funds. They are recorded upon receipt in the Governmental funds.

#### Interfund Receivables and Payables

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to/from other funds" (i.e., the current portion of interfund loans) or "advances to/from other funds" (i.e., the non-current portion of interfund loans). All other outstanding balances between funds are reported as "due to/from other funds."

#### Capital Assets

Under the regulatory basis, the City does not account for capital assets used in governmental fund types.

Capital assets, which include property, plant, equipment, and infrastructure assets, are reported in enterprise funds. The City reports infrastructure assets on a network and subsystem basis. Accordingly, the amounts spent for the construction or acquisition of infrastructure assets are capitalized and reported in the financial statements regardless of their amount.

Capital assets are defined by the government as assets with an initial, individual cost of more than \$1,000 (amount not rounded) and an estimated useful life in excess of one year.

As the City constructs or acquires additional capital assets each period, including infrastructure assets, they are capitalized and reported at acquisition cost. The reported value excludes normal maintenance and repairs which are essentially amounts spent in relation to capital assets that do not increase the capacity or efficiency of the item or extend its useful life beyond the original estimate. In the case of donations the City values these capital assets at the acquisition value of the item at the date of its donation.

# Note 1: Summary of Significant Accounting Policies (Continued)

Property, plant, and equipment of the proprietary funds of the City are depreciated using the straight line method over the following estimated useful lives:

Assets	Years
Lift Stations	50
Watermains, Sewermains	40
Sump Pump Lines	40
Buildings	40
Concrete Curb and Gutter	30
Sidewalks	30
Well and Pump houses	25
Water Meters	20
Office Equipment	10
Computer Equipment & Software	5
Vehicles	5
Machinery, Equipment, Radio Phones	10
Land	Not Depreciated

#### **Deferred Outflows of Resources**

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The City has two items that qualifies for reporting in this category. Accordingly, the items, deferred charges on refunding and deferred pension resources, are reported only in the statements of net position. The deferred pension resource item results from actuarial calculations and current year pension contributions made subsequent to the measurement date.

#### Long-term Obligations

In the proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable proprietary fund type statement of net position. The recognition of bond premiums and discounts are amortized over the life of the bonds using the straight-line method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are reported as an expense in the period incurred.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources.

Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service disbursements. Accordingly, the item, *unavailable* revenue, is reported only in the governmental funds balance sheet. The governmental funds report unavailable revenues from two sources: property taxes and special assessments. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available.

The City has an additional item which qualifies for reporting in this category.

#### **Deferred Inflows of Resources**

In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The government has one type of item, which arises only under a modified accrual basis of accounting that qualifies as needing to be reported in this category.

The item, deferred pension resources, is reported only in the statements of net position and results from actuarial calculations.

# Note 1: Summary of Significant Accounting Policies (Continued)

#### Fund Balance

In the fund financial statements, fund balance is divided into five classifications based primarily on the extent to which the City is bound to observe constraints imposed upon the use of resources reported in the governmental funds. These classifications are defined as follows:

Nonspendable - Amounts that cannot be spent because they are not in spendable form, such as prepaid items.

*Restricted* - Amounts related to externally imposed constraints established by creditors, grantors or contributors; or constraints imposed by State statutory provisions.

*Committed* - Amounts constrained for specific purposes that are internally imposed by formal action (resolution) of the City Council (the Council), which is the City's highest level of decision-making authority. Committed amounts cannot be used for any other purpose unless the Council modifies or rescinds the commitment by resolution.

Assigned - Amounts constrained for specific purposes that are internally imposed. In governmental funds other than the General fund, assigned fund balance represents all remaining amounts that are not classified as nonspendable and are neither restricted nor committed. In the General fund, assigned amounts represent intended uses established by the Council itself or by an official to which the governing body delegates the authority. The Council has adopted a fund balance policy which delegates the authority to assign amounts for specific purposes to the City Clerk/Treasurer.

Unassigned - The residual classification for the General fund and also negative residual amounts in other funds.

The City considers restricted amounts to be spent first when both restricted and unrestricted fund balance is available. Additionally, the City would first use committed, then assigned, and lastly unassigned amounts of unrestricted fund balance when expenditures are made.

The City has formally adopted a fund balance policy for the General fund. The City's policy is to maintain a minimum unassigned fund balance of 50 percent of budgeted operating expenditures for cash-flow timing needs.

#### Net Position

Net position represents the difference between assets and liabilities. Net position is displayed in three components:

- a. Net investment in capital assets Consists of capital assets, net of accumulated depreciation, reduced by any outstanding debt attributable to acquire capital assets.
- b. Restricted net position Consists of net position balances restricted when there are limitations imposed on their use through external restrictions imposed by creditors, grantors, laws or regulations of other governments.
- c. Unrestricted net position All other net position balances that do not meet the definition of "restricted" or "net investment in capital assets".

When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, then unrestricted resources as they are needed.

### Note 2: Stewardship, Compliance and Accountability

#### A. Budgetary Information

Annual budgets are adopted on the cash basis, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America for the General fund. All annual appropriations lapse at fiscal year-end. The City does not use encumbrance accounting.

In August of each year, all departments of the City submit requests for appropriations to the Clerk/Treasurer so that a budget may be prepared. Before September 30, the proposed budget is presented to the Council for review. The Council holds public hearings and a final budget is prepared and adopted in early December.

The appropriated budget is prepared by fund, function and department. The City's department heads may make transfers of appropriations within a department. Transfers of appropriations between departments require the approval of the Clerk/Treasurer. The legal level of budgetary control is the department level. Budgeted amounts are as originally adopted, or as amended by the Council.

### Note 3: Detailed Notes on All Funds

#### A. Deposits and Investments

#### Deposits

Custodial credit risk for deposits and investments is the risk that in the event of a bank failure, the City's deposits and investments may not be returned or the City will not be able to recover collateral securities in the possession of an outside party. In accordance with Minnesota statutes and as authorized by the Council, the City maintains deposits at those depository banks, all of which are members of the Federal Reserve System.

Minnesota statutes require that all City deposits be protected by insurance, surety bond or collateral. The market value of collateral pledged must equal 110 percent of the deposits not covered by insurance, bonds, or irrevocable standby letters of credit from Federal Home Loan Banks.

Authorized collateral in lieu of a corporate surety bond includes:

- United States government Treasury bills, Treasury notes, Treasury bonds;
- Issues of United States government agencies and instrumentalities as quoted by a recognized industry quotation service available to the government entity;
- General obligation securities of any state or local government with taxing powers which is rate "A" or better by a national bond rating service, or revenue obligation securities of any state or local government with taxing powers which is rated "AA" or better by a national bond rating service;
- General obligation securities of a local government with taxing powers may be pledged as collateral against funds deposited by that same local government entity;
- Irrevocable standby letters of credit issued by Federal Home Loan Banks to a municipality accompanied by written evidence that the bank's public debt is rated "AA" or better by Moody's Investors Service, Inc., or Standard & Poor's Corporation; and
- Time deposits that are fully insured by any federal agency.

### Note 3: Detailed Notes on All Funds (Continued)

Minnesota statutes require that all collateral shall be placed in safekeeping in a restricted account at a Federal Reserve Bank, or in an account at a trust department of a commercial bank or other financial institution that is not owned or controlled by the financial institution furnishing the collateral. The selection should be approved by the City.

At year end, the City's carrying amount of deposits was \$1,015,407 and the bank balance was \$1,025,750. The bank balance was covered by federal depository insurance of \$500,000 and \$525,750 was collateralized with securities held by the pledging financial institution's trust department in the City's name.

As of December 31, 2019, the City had the following investments that are insured or registered, or securities held by the City or its agent in the City's name:

	Credit Quality/	Segmented Time	
Types of Investments Pooled Investments at Amortized Costs	Ratings (1)	Distribution (2)	Amount
4M Fund	N/A	less than 6 months	\$ 2,103,265

(1) Ratings are provided by various credit rating agencies where applicable to indicate associated credit risk.

(2) Interest rate risk is disclosed using the segmented time distribution method.

N/A Indicates not applicable or available.

#### **Cash on Hand**

Cash in the possession of the City, consisting of petty cash and change funds, totals \$200

#### Cash and Investments Summary

A reconciliation of cash and investments as shown on the financial statements for the City follows:

Checking Savings Certificates of deposit	\$ 721,279 14,093 280,035
Total Carrying Amount of Deposits Investments Cash on Hand	1,015,407 2,103,265 200
Total Cash and Investments	\$ 3,118,872
Cash and Temporary Investments Governmental Proprietary	\$    2,764,223 354,649
Total Cash and Temporary Investments	\$ 3,118,872

### Note 3: Detailed Notes on All Funds (Continued)

#### B. Interfund Receivables, Payables and Transfers

Interfund transfers for the year ended December 31, 2019 are as follows:

	Transfer in				
	Nonmajor				
Transfer out	Debt Service	Gov	<u>ernmental</u>		Total
General	\$-	\$	71,000	\$	71,000
Water Utility	20,000		-		20,000
Sanitary Sewer Utility	20,000		-		20,000
Nonmajor enterprise	60,000	_			60,000
Total transfers out	\$ 100,000	\$	71,000	\$	171,000

Transfers are used to 1) transfer funds into the capital reverse funds for further capital needs and 2) transfer funds to the debt service fund for debt service payments.

#### C. Capital Assets

Capital asset activity for the year ended December 31, 2019 is as follows:

	Beginning Balance	Increases	Decreases	Ending Balance
Business-type Activities				
Capital assets not being depreciated	• • • • • • •	•	•	<b>•</b> • • • • • •
Land	\$ 35,056	\$-	\$-	\$ 35,056

Equipment	(108,115)	(6,910)		(115,025)
Total Accumulated Depreciation	(1,188,804)	(81,951)		(1,270,755)
Total Capital Assets				
being Depreciated, Net	2,018,599	(81,951)		1,936,648
Business-type Activities				
Capital Assets, Net	\$ 2,053,655	\$ 1,616,947	<u>\$</u> -	\$ 3,670,602

### Note 3: Detailed Notes on All Funds (Continued)

Depreciation expense was charged to functions/programs of the City as follows:

#### **Business-type Activities**

Water Sewer	\$ 37,285 44,666
Total Depreciation Expense - Business-type Activities	\$ 81,951

#### **Construction Commitments**

Project	Sp	ent-to-Date	_	emaining mmitment
2019-20 Infrastructure	\$	3,513,076	\$	490,479

#### D. Long-term Debt

#### **General Obligation Bonds**

The City issues general obligation bonds to provide funds for the acquisition and construction of major capital facilities. General obligation bonds have been issued for government and proprietary activities.

General obligation bonds are direct obligations and pledge the full faith and credit of the City. General obligation bonds currently outstanding are as follows:

Description	Authorized and Issued	Interest Rate	lssue Date	Maturity Date	Balance at Year End
2013A G.O. Crossover					
Refunding Bonds	\$ 1,445,000	0.40 - 3.25 %	08/15/13	02/01/29	\$ 855,000
2019A G.O. Improvement Bonds	4,840,400	3.00 - 3.13	06/27/19	02/01/40	4,840,400
2019B G.O. Refunding Bonds	785,000	2.00 - 2.25	12/17/19	12/01/26	785,000
Total G.O. Bonds					\$ 6,480,400

#### Total G.O. Bonds

The annual service requirements to amortize general obligation tax increment bonds as of December 31, 2019 are as follows:

Year Ending	G.O.	G.O. Special Assessment Bonds Governmental Activities						
December 31,	Principal	Principal Interest		Principal Interest		Principal Interest		Total
2020	\$ 205,00		195,400	\$	400,400			
2021	391,00	C	175,963		566,963			
2022	395,70	C	166,433		562,133			
2023	408,50	0	156,346		564,846			
2024	412,30	C	145,738		558,038			
2025 - 2029	1,661,30	C	567,297		2,228,597			
2030 - 2034	1,244,90	C	363,863		1,608,763			
2035 - 2039	1,445,70	C	162,063		1,607,763			
2040	316,00	<u> </u>	4,956		320,956			
Total	\$ 6,480,40	<u> </u>	1,938,059	\$	8,418,459			

### Note 3: Detailed Notes on All Funds (Continued)

#### General Obligation Revenue Bonds

General obligation revenue bonds were issued to finance improvements to the water and sewer system. They will be repaid with transfers from other funds and future utility charges.

Description	Authorized and Issued	Interest Rate	lssue Date	Maturity Date	Balance at Year End
G.O. Refunding	· · · · · · · · · · · · · · · · · · ·				
Bonds of 2013B	\$ 1,350,000	0.40 - 3.75 %	08/15/13	02/01/41	\$ 1,125,000
G.O. Revenue					
Bonds of 2013C	282,000	2.70	06/14/13	02/01/29	193,000
2019A G.O. Improvement Bonds	3,963,300	3.00 - 3.13	06/27/19	02/01/40	214,600
Total G.O. Revenue Bonds					\$ 1,532,600

Annual revenues from charges for services, principal and interest payments and percentage of revenue required to cover principal and interest payments are as follows:

	 Water		Sewer
Revenues Principal and Interest Percentage of Revenues	\$ 144,353 34,020 23.6%	\$	155,477 77,713 50.0%

The annual requirements to amortize general obligation revenue bonds as of December 31, 2019 are as follows:

Year Ending		G.O. Revenue Bonds Business-type Activities					
December 31,	Principal Interest		Principal Interest		Principal Interest		Total
2020	\$ 57,000	) \$	49,320	\$	106,320		
2021	65,000	)	47,411		112,411		
2022	66,300	)	45,889		112,189		
2023	66,500	)	44,353		110,853		
2024	67,700	)	42,703		110,403		
2025 - 2029	371,700	)	181,885		553,585		
2030 - 2034	315,100	)	126,806		441,906		
2035 - 2039	369,300	)	65,931		435,231		
2040 - 2041	154,000	)	5,800		159,800		
Total	<u>\$ 1,532,600</u>	) <u>\$</u>	610,098	\$	2,142,698		

### Note 3: Detailed Notes on All Funds (Continued)

#### Changes in General Long-term Liabilities

During the year ended December 31, 2019, the following changes occurred in liabilities reported in general long-term debt:

	Beginning Balance	Increases	Decreases	Ending Balance	Due Within One Year
Governmental Activities Bonds Payable General Obligation					
Improvement Bonds Pension Liability - GERF Pension Liability - PEPFF	\$ 1,825,000 142,973 67,152	\$ 5,625,400 18,092 -	\$ (970,000) (27,080) (23,503)	\$ 6,480,400 133,985 43,649	\$ 205,000 133,985 43,649
Total	\$ 2,035,125	\$ 5,643,492	\$ (1,020,583)	\$ 6,658,034	\$ 382,634
Business-type Activities Bonds Payable General Obligation Revenue Bonds Pension Liability Business-type Activity Refunding Bond	\$ 1,386,000 34,549	\$    214,600 18,066	\$ (68,000) (4,151)	\$  1,532,600 48,464	\$    57,000 

On December 17, 2019 the City issued \$785,000 of General Obligation Refunding Bonds, Series 2019B. The bond refunded the General Obligation Improvement, Series 2011A. The City will save \$22,412 in debt service payments and achieve an economic gain (the present value of the difference between the old and the new debt service) of \$20,864.

### Note 4: Defined Benefit Pension Plan - Statewide

#### A. Plan Description

The City participates in the following defined benefit pension plans administered by the Public Employees Retirement Association (PERA). PERA's defined benefit pension plans are established and administered in accordance with Minnesota statutes, chapters 353 and 356. PERA's defined benefit pension plans are tax qualified plans under Section 401(a) of the Internal Revenue Code.

#### General Employees Retirement Plan (GERF)

All full-time and certain part-time employees of the City, are covered by the General Employees Retirement Fund (GERF). GERF members belong to the Coordinated. Coordinated Plan members are covered by Social Security

#### **B. Benefits Provided**

PERA provides retirement, disability and death benefits. Benefit provisions are established by Minnesota statute and can only be modified by the state legislature. Vested, terminated employees who are entitled to benefits but are not receiving them yet are bound by the provisions in effect at the time they last terminated their public service.

#### **GERF Benefits**

Benefits are based on a member's highest average salary for any five successive years of allowable service, age, and years of credit at termination of service. Two methods are used to compute benefits for PERA's Coordinated Plan members. Members hired prior to July 1, 1989 receive the higher of Method 1 or Method 2 formulas. Only Method 2 is used for members hired after June 30, 1989. Under Method 1, the accrual rate for Coordinated members is 1.2 percent for each of the first 10 years of service and 1.7 percent for each additional year. The rates are 2.2 percent and 2.7 percent, respectively, for Basic members. Under Method 2, the accrual rate for Coordinated members is 1.7 percent for all years of service, and 2.7 percent for Basic members. The accrual rates for former MERF members is 2.0 percent for each of the first 10 years of service and 2.5 percent for each additional year. For members hired prior to July 1, 1989 a full annuity is available when age plus years of service equal 90 and normal retirement age is 65. For members hired on or after July 1, 1989 normal retirement age is the age for unreduced Social Security benefits capped at 66.

Annuities, disability benefits and survivor benefits are increased effective every January 1. Beginning January 1, 2019, the postretirement increase will be equal to 50 percent of the cost-of-living adjustment (COLA) announced by the SSA, with a minimum increase of at least 1 percent and a maximum of 1.5 percent. Recipients that have been receiving the annuity or benefit for at least a full year as of the June 30 before the effective date of the increase will receive the full increase. For recipients receiving the annuity or benefit for at least one month but less than a full year as of the June 30 before the effective date of the increase of the June 30 before the effective date of the increase will receive a reduced prorated increase. For members retiring on January 1, 2024, or later, the increase will be delayed until normal retirement age (age 65 if hired prior to July 1, 1989, or age 66 for individuals hired on or after July 1, 1989). Members retiring under Rule of 90 are exempt from the delay to normal retirement.

#### C. Contributions

Minnesota statutes chapter 353 sets the rates for employer and employee contributions. These statutes are established and amended by the State legislature.

#### **GERF** Contributions

Coordinated Plan members were required to contribute 6.50 percent, of their annual covered salary in 2019. The City was required to contribute 7.50 percent for Coordinated Plan members in fiscal year 2019. The City's contributions to the GERF for the years ending December 31, 2019, 2018 and 2017 were \$4,881, \$3,151 and \$3,067, respectively. The City's contributions were equal to the required contributions for each year as set Minnesota statute.

### Note 4: Defined Benefit Pension Plan - Statewide (Continued)

#### D. Pension Costs

#### **GERF Pension Costs**

At December 31, 2019, the City reported a liability of \$48,464 for its proportionate share of the GERF's net pension liability in the enterprise funds. The City's net pension liability reflected a reduction due to the State of Minnesota's contribution of \$16 million to the fund in 2019. The State of Minnesota is considered a non-employer contributing entity and the State's contribution meets the definition of a special funding situation. The State of Minnesota's proportionate share of the net pension liability associated with the City totaled \$1,505. The net pension liability was measured as of June 30, 2018, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The City's proportion of the net pension liability was based on the City's contributions received by PERA during the measurement period for employer payroll paid dates from July 1, 2018 through June 30, 2019 relative to the total employer contributions received from all of PERA's participating employers. At June 30, 2019, the City's proportion was 0.0009 percent which is an increase of 0.0003 from its proportion measured as of June 30, 2018.

City's proportionate share of the net pension liability State of Minnesota's proportionate share of the net pension	\$ 48,464
liability associated with the City	 1,505
Total	\$ 49,969

For the year ended December 31, 2019, the City recognized a pension revenue of \$7,585 for its proportionate share of GERF's pension expense. In addition, the City recognized an additional \$113 as pension expense (and grant revenue) for its proportionate share of the State of Minnesota's contribution of \$16 million to the GERF.

At December 31, 2019, the City reported its proportionate share of GERF's deferred outflows of resources and deferred inflows of resources, and its contributions subsequent to the measurement date, from the following sources:

	Ou	Deferred Outflows of Resources		eferred hflows esources
Differences Between Expected and				
Actual Experience	\$	1,349	\$	102
Changes in Actuarial Assumptions		-		3,828
Net Difference Between Projected and				
Actual Earnings on Plan Investments		-		4,806
Changes in Proportion		1,240		857
Contributions to GERF Subsequent				
to the Measurement Date		2,445		-
Total	\$	5,034	\$	9,593

Deferred outflows of resources totaling \$2,445 related to pensions resulting from the City's contributions to GERF subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended December 31, 2020. Other amounts reported as deferred outflows and inflows of resources related to GERF pensions will be recognized in pension expense as follows:

2020	\$ (2,603)
2021	(3,987)
2022	(490)
2023	76
2024	-
Thereafter	-

#### City of Lamberton Notes to the Financial Statements December 31, 2019

# Note 4: Defined Benefit Pension Plan - Statewide (Continued)

#### E. Actuarial Assumptions

The total pension liability in the June 30, 2019, actuarial valuation was determined using the following actuarial assumptions:

Inflation	2.50% per year
Active Member Payroll Growth	3.25% per year
Investment Rate of Return	7.50%

Salary increases were based on a service-related table. Mortality rates for active members, retirees, survivors and disabilitants were based on RP-2014 tables for all plans for males or females, as appropriate, with slight adjustments to fit PERA's experience. Cost of living benefit increases after retirement for retirees are assumed to be 1.25 percent per year for GERF.

Actuarial assumptions used in the June 30, 2019 valuation were based on the results of actuarial experience studies. The most recent six-year experience study in the GERF plan was completed in 2019. Economic assumptions were updated in 2018 based on a review of inflation and investment return assumptions.

The following changes in actuarial assumptions and plan provisions occurred in 2019:

## <u>GERF</u>

- The mortality projection scale was changed from MP-2017 to MP-2018.
- The employer supplemental contribution was changed prospectively, decreasing from \$31.0 million to \$21.0 million per year. The state's special funding contribution was changed prospectively, requiring \$16.0 million due per year through 2031.

The State Board of Investment, which manages the investments of PERA, prepares an analysis of the reasonableness on a regular basis of the long-term expected rate of return using a building-block method in which best-estimate ranges of expected future rates of return are developed for each major asset class. These ranges are combined to produce an expected long-term rate of return by weighting the expected future rates of return by the target asset allocation percentages. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table:

Asset Class	Target Allocation	Long-term Expected Real Rate of Return
Domestic Stocks	35.50 %	5.10 %
International Stocks	25.00	5.90
Bonds (Fixed Income)	20.00	0.75
Alternative Assets (Private Markets)	17.50	5.90
Cash	2.00	-
Total	<u>    100.00 </u> %	

## F. Discount Rate

The discount rate used to measure the total pension liability in 2019 was 7.50 percent. The projection of cash flows used to determine the discount rate assumed that contributions from plan members and employers will be made at rates set in Minnesota statutes. Based on these assumptions, the fiduciary net position of the GERF was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

#### City of Lamberton Notes to the Financial Statements December 31, 2019

# Note 4: Defined Benefit Pension Plan - Statewide (Continued)

#### G. Pension Liability Sensitivity

The following presents the City's proportionate share of the net pension liability for all plans it participates in, calculated using the discount rate disclosed in the preceding paragraph, as well as what the City's proportionate share of the net pension liability would be if it were calculated using a discount rate 1 percentage point lower or 1 percentage point higher than the current discount rate:

		City Proportionate Share of NPL							
	1	Percent	1 Percent						
	Decrea	Decrease (6.50%)		ent (7.50%)	Increase (8.50%)				
GERF	\$	79,663	\$	48,464	\$	22,693			

#### H. Pension Plan Fiduciary Net Position

Detailed information about each pension plan's fiduciary net position is available in a separately-issued PERA financial report that includes financial statements and required supplementary information. That report may be obtained on the Internet at www.mnpera.org.

## **Note 5: Other Information**

#### A. Risk Management

The City is exposed to various risks of loss related to torts: theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters for which the City carries insurance. The City obtains insurance through participation in the League of Minnesota Cities Insurance Trust (LMCIT) which is a risk sharing pool with approximately 800 other governmental units. The City pays an annual premium to LMCIT for its workers compensation and property and casualty insurance. The LMCIT is self-sustaining through member premiums and will reinsure for claims above a prescribed dollar amount for each insurance event. Settled claims have not exceeded the City's coverage in any of the past three fiscal years.

Liabilities are reported when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated. Liabilities, if any, include an amount for claims that have been incurred but not reported (IBNRs). The City's management is not aware of any incurred but not reported claims.

## **B.** Contingent Liabilities

The City participates in a number of federal and state programs that are either partially or fully funded by grants or aids received from these agencies or other governmental units. Such programs are subject to audit by the grantor agencies which could result in requests for reimbursement to the granting agency for expenditures that are disallowed under the terms of the grant. Based on past experience, the City believes that any disallowed costs as a result of such audits will be immaterial.

## C. Legal Debt Margin

In accordance with Minnesota statutes, the City may not incur or be subject to general obligation debt in excess of three percent of the market value of taxable property within the City. General obligation debt is payable solely from ad valorem taxes and therefore, excludes debt financed partially or entirely by special assessments, enterprise fund receipts or tax increments. The City currently has no general obligation debt outstanding subject to this limit.

#### City of Lamberton, Minnesota Required Supplementary Information (Continued) For the Year Ended December 31, 2019

## Notes to the Required Supplementary Information - General Employee Retirement Fund

#### Changes in actuarial assumptions

2019 - The mortality projection scale was changed from MP-2017 to MP-2018.

2018 - The morality projection scale was changed from MP-2015 to MP-2017. The assumed benefit increase was changed from 1.00 percent per year through 2044 and 2.50 percent per year thereafter to 1.25 percent per year.

2017 - The Combined Service Annuity (CSA) loads were changed from 0.8 percent for active members and 60 percent for vested and non-vested deferred members. The revised CSA loads are now 0.0 percent for active member liability, 15.0 percent for vested deferred member liability and 3.0 percent for non-vested deferred member liability. The assumed post-retirement benefit increase rate was changed from 1.0 percent per year for all years to 1.0 percent per year through 2044 and 2.5 percent per year thereafter.

2016 - The assumed post-retirement benefit increase rate was changed from 1.0 percent per year through 2035 and 2.5 percent per year thereafter to 1.0 percent per year for all future years. The assumed investment return was changed from 7.9 percent to 7.5 percent. The single discount rate was changed from 7.9 percent to 7.5 percent. Other assumptions were changed pursuant to the experience study dated June 30, 2015. The assumed future salary increases, payroll growth and inflation were decreased by 0.25 percent to 3.25 percent for payroll growth and 2.50 percent for inflation.

2015 - The assumed post-retirement benefit increase rate was changed from 1.0 percent per year through 2030 and 2.5 percent per year thereafter to 1.0 percent per year through 2035 and 2.5 percent per year thereafter.

#### Changes in plan provisions

2019 - The employer supplemental contribution was changed prospectively, decreasing from \$31.0 million to \$21.0 million per year. The state's special funding contribution was changed prospectively, requiring \$16.0 million due per year through 2031.

2017 - The state's special funding contribution increased from \$6 million to \$16 million.

2015 - On January 1, 2015, the Minneapolis Employees Retirement Fund was merged into the General Employees Fund, which increased the total pension liability by \$1.1 billion and increased the fiduciary plan net position by \$892 million. Upon consolidation, state and employer contributions were revised.

#### INDEPENDENT AUDITOR'S REPORT ON MINNESOTA LEGAL COMPLIANCE

Honorable Mayor and City Council City of Lamberton, Minnesota

We have audited, in accordance with auditing standards generally accepted in the United States of America, and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States the financial statements of each major fund of the governmental and proprietary funds and the aggregate remaining fund information of the City of Lamberton, Minnesota (the City), as of and for the year ended December 31, 2019, and the related notes to the financial statements, and have issued our report dated January 31, 2020.

The *Minnesota Legal Compliance Audit Guide for Cities*, promulgated by the State Auditor pursuant to Minnesota Statute §6.65, contains seven categories of compliance to be tested: contracting and bidding, deposits and investments, conflicts of interest, public indebtedness, claims and disbursements, miscellaneous provisions and tax increment financing. Our audit considered all of the listed categories, except that we did not test for compliance with the provisions of tax increment financing because the City does not have any tax increment financing districts.

In connection with our audit, nothing came to our attention that caused us to believe that the City failed to comply with the provisions of the *Minnesota Legal Compliance Audit Guide for Cities* for Cities. However, our audit was not directed primarily toward obtaining knowledge of such noncompliance. Accordingly, had we performed additional procedures, other matters may have come to our attention regarding the City's noncompliance with the above referenced provisions.

The purpose of this report is solely to describe the scope of our testing of compliance and the results of that testing, and not to provide an opinion on compliance. Accordingly, this communication is not suitable for any other purpose.

do Eich & Mayro, LLP
